Hello;

I am petitioning the abandonment of my patent application, on the grounds that I never recieved notice of office action. I opened a P.O. Box(PGI) for the purpose of corresponding with the PTO, in nearly a years time I only recieved two correspondences from the PATENT OFFICE, notice Page 5. This was the last notice from the PTO, my License for Foreign Filing, at this time I called the PTO, and was told would be 8 months to a year before my patent application was actually examined, I could no longer afford to keep my P.O. Box opened, I had to close it and put in a forwarding address.

Nearly a year had gone by(note, I was told 8 months to a year), so I didn't think it strange that I still hadn't recieved any forwarded correspondence from the patent office.

Finally, I called the PTO Tuesday August 22, 2005 and to my dismay was told my application was abandoned June 2, 2005 because I never responded to PTO office action by Laura Colletta TEL: 1-(571)-272-6658. I immediately went to the local Post Office to see why I hadn't recieved any forwarded mail from my now closed

P.O. Box, they told me they never had a notice of mail forwarding, but I filed it right at the very same counter March 2004, after I recieved my license for foreign filing and called the PTO.

I am praying that you will consider these factors worthy of re-activating my patent application, also please consider I have maticulously kept records of all PTO correspondance. My non-P.O. Box address was included on my application, as the sole inventor I am perplexed as to why mail returned from my P.O. Box, was not sent to my included home address, also it had taken nearly a year from the time my application was filed Dec 2003, befor it was examined Nov 2004, likewise It would only be fair to give me at least this much time to contact the PTO. I am a small entity of low-income, please allow me to rectify these filing issues.

Thank you for all your help & considreation on my application.
